.....

C:Reading**Cloze test.**

Tourists bring a lot of money to the place they are , so they are good for a nation's economy. In England, for example, tourism provides jobs for more than two million people. Many countries help increase tourism by developing areas that will visitors. There should be enough roads and public systems (like buses and trains) in the area. Also, there must be enough hotels for the visitors to stay. This development can, however, create some problems for the environment and local people. Some tourist sites are so among travelers.

۳۹- a. brave b. popular c. familiar d. continuous

Reading**Read the passage and answer the questions.**

Solar system is the name for the sun and the planets that go around it. Jupiter is one of the nine planets of our solar system. Jupiter is larger than all the other planets in the solar system. It is times larger than Earth, the planet that we live on. It is made of hydrogen and helium. It is a very cold planet because it is too far from the sun. It also has sixty seven moons. One of its biggest moon is even bigger than Mercury.

۴۰- Jupiter is made of rocks. (true – false)

۴۱- Jupiter is the planet that we live on. (true – False)
